CLERK U.S. DISTRICT COURT  
DISTRICT OF MARYLAND DEPUTY

MOTION FOR CONTINUANCE

Now comes William A. Taccino, plaintiff in the above captioned case, to again respectfully ask this Honorable Court to grant him another continuance to amend his complaint and to extend time to file answer to defendant's motion to dismiss due to the following reasons and for good cause.

by letter to December 11, 2001.

Granted this 11th day of October 2001.

Marvin J. Garbis  
United States District Judge

1. That plaintiff agreed to defendants' terms of settlement to EEOC in which defendant failed to comply with its own terms of this agreement after settlement was reached. (copy enclosed)
2. That Plaintiff was wrongfully charged while on the job, in the line of duty in compliance with the laws of the land and instructions of management and the U.S. Govt. on Mar. 9 2001. This is same issue and parties pertaining to Sept 21 1999 in which are the particulars of this case. (copy enclosed)
3. And that defendants sent notice to U.S. Dept. of Justice, copy and contents (plaintiff did not receive). about same and representation for plaintiff. After which U.S. Dept. OF Justice stated it would not represent plaintiff in this matter. (copy enclosed). Thus not allowing plaintiff enough time and costs to seek legal representation in this matter

4. And that Plaintiff after bringing  
Suite against the Union in Aug. 2000  
Dropped this suite and accepted union  
and defendant's terms and returned to  
work in Feb 2001 only to again find  
conditions such as allowing plaintiff to  
be harassed, and the U.S. mail to be delayed  
on Mar 9 2001 by the same parties as in  
Sept 21 1999. Incident.

5 Also after six months plaintiff health  
ins. has not been reinstated and after  
several weeks of plaintiff demanding  
it to be has so far been denied for  
unknown reasons. Thus now plaintiff  
is waiting for possible foot surgery  
and cannot afford this without insurance  
due to recent bankruptcy.

6. in addition plaintiff is waiting for  
results of hearing in Oct. in All. Co. Circuit  
Court against Md. State Police etc  
and Appeal on charge scheduled for Nov.  
13 2001 all of which has great bearing  
and merritts to this case.

Plaintiff has bent every way possible in hopes of settling these matters but in each instance even on defendants own terms becomes a victim of Negligence wrong-doing or discrimination

And for these reasons respectfully asks this Honorable Court to grant him at least one more 60 or hopefully 90 day continuance in all Fairness

Thank You
